LRB-2381/1 was a compile (the compile list is in the electronic folder).

**Also, -1729 was incorporated into that compile.
So those guts should go into the folder too.**

Council on Chiropractic Education

**THE COUNCIL ON CHIROPRACTIC EDUCATION (CCE)
DIRECTORY OF CHIROPRACTIC DEGREE PROGRAMS AND SOLITARY PURPOSE CHIROPRACTIC
INSTITUTIONS HOLDING ACCREDITED STATUS**

CCE was incorporated in 1971 and is recognized by the United States Secretary of Education as the specialized accrediting agency for the Doctor of Chiropractic Degree Program. CCE has been so recognized since 1974.

According to CCE Policy BOD 151: "Accredited entities must clearly state their accreditation status as awarded by the Commission on Accreditation. All doctor of chiropractic degree programs accredited by the COA must use the following statement when publicly describing their status:

The doctor of chiropractic degree program of (name of program) is accredited by the Commission on Accreditation of the Council on Chiropractic Education, 8049 N. 85th Way, Scottsdale, AZ 85258. Tel: 480-443-8877.

In a case where the doctor of chiropractic degree program of a solitary purpose chiropractic institution has been reviewed and accredited by the COA, and the institution is not yet accredited by a regional accrediting body, the institution may request and undergo COA review according to the criteria for institutional accreditation. Institutions so accredited by the COA must, in addition to the statement above, use the following statement when publicly describing such institutional status:

In addition, the (name of institution) is also accredited as a solitary purpose chiropractic institution by the Commission on Accreditation of the Council on Chiropractic Education, 8049 N. 85th Way, Scottsdale, AZ 85258. Tel: 480-443-8877."

~~DO NOT
INTRODUCE~~

1 AN ACT...; relating to: the definition of the practice of chiropractic.

Analysis by the Legislative Reference Bureau

Under current law, the "practice of chiropractic" is defined, in part, as the employment or application of chiropractic adjustments and the principles or techniques of chiropractic science in the diagnosis, treatment, or prevention of conditions of human health or disease.

Under this bill, the "practice of chiropractic" has the same definition, except that the chiropractic adjustments and principles or techniques of chiropractic science must be those that are taught at a college or university approved by the Council on Chiropractic Education or any successor organization.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

X

2 SECTION 1. 446.01 (2) (b) of the statutes is amended to read:

3 446.01 (2) (b) To employ or apply chiropractic adjustments, and the principles
4 or techniques of chiropractic science, that are taught at a chiropractic college or
5 university approved by the Council on Chiropractic Education or any successor

1 organization, in the diagnosis, treatment or prevention of any of the conditions
2 described in s. 448.01 (10).

3 History: 1975 c. 383; 1977 c. 418 s. 929 (41); 1985 a. 146 s. 8.

Representative Foti:

Please note the following about this draft:

1. The draft requires both chiropractic adjustments and principles or techniques of chiropractic science to be taught at approved colleges or universities, not just chiropractic adjustments. Is that okay?
2. I don't think it's necessary to specify undergraduate or postgraduate teaching. Under the draft, teaching at any level is covered.
3. As instructed, the draft refers to approval by the Council on Chiropractic Education. However, note the reference to "a college or university accredited by an accrediting body listed as nationally recognized by the secretary of the federal department of education" at s. 446.02 (2) (b), stats. Do you want to change that reference to be consistent with this draft?
